

**WEEKLY UPDATE**

**11.06.2020**

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 70 residents and 36 staff members test positive for COVID-19. On November 4th we completed the 14-day Outbreak period and the Health Department released us from facility quarantine. Our new admissions will continue to be on a 14-day quarantine period on a separate wing as per the guidelines.

We continue with the Window Visits and will be moving into indoor visits in common areas and will provide you with more details as soon as we have the processes and procedures in place to ensure safe visits for you and your loved ones.

We thank you for your support and are always thankful that you allow us to take care of your loved one during this difficult year. We will always remember and honor our residents that are no longer with us.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 410.641.4400.

Sincerely,

Administrator
