

WEEKLY UPDATE

June 25, 2020

Dear Residents and Families/Representatives,

As of today, 68 residents and 33 staff members have tested positive for COVID-19. Berlin Nursing & Rehabilitation mass tested staff and residents in May and June. The results from the June mass testing resulted in 3 new staff cases and 1 new resident case.

We want to extend our gratitude to the families that allowed us to provide care for our residents that are no longer with us and want to sincerely express our condolences and we want to THANK families and friends that have been supported during this Pandemic.

While we focus on stopping further spread of this virus in our facility by continuing to follow the recommendations of our health officials and practicing the enhanced safety measures we have previously reported to you, we also want to make sure our residents' daily routines are as normal as possible and that they are having some fun, too! The Activity Department has provided hallway Bingo, Snack cart, contracted an entertainer to play music on the perimeter of our facility, passed out activity bags for our residents on the COVID19 unit, 1:1 visits when possible and music. Staff painted the outside windows of residents rooms and paid close attention to individual emotional and social needs. We continue to offer Skype and FaceTime to communicate with your loved one via the ipad. Staff is escorting residents out to our internal patio for direct sunlight and fresh air.

As always, please continue to check our website for updates. We will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly 410.641.4400.

Sincerely,

Angie Gozali
